*"How is it that bacteria on Mars is considered life, but a viable fetus is not? Every pre-born child is a human being deserving of protection as the most vulnerable members of our society. As the parent of an adopted child, I know there are many wonderful Americans yearning to welcome a child into their home and love them. I have dedicated a lifetime to protect ALL Americans, born or unborn." – Hung Cao*

Jennifer Wexton (D-Incumbent)

**Jennifer Wexton** supports a policy of abortion on demand, which allows abortion for any reason until birth. She has a 0% pro-life voting record.

**Jennifer Wexton** voted for a pro-abortion bill that will cancel all state laws protecting the unborn and their mothers and will allow abortion for any reason until birth.

**Jennifer Wexton** voted repeatedly to use our tax dollars for abortion and she also voted for taxpayer funding of abortion providers.

*"The right to a safe and legal abortion is under attack as never before. State legislatures across the country are eagerly advancing efforts to control a woman's freedom to make decisions about her own reproductive health. The Women's Health Protection Act that we passed today defends the right to choose and empowers legal challenges against the most restrictive abortion laws in the country." –Rep. Jennifer Wexton*
